Professional Summary

I'm Shahab Hussain, a MERN Stack Developer with 2+ years of professional experience in Frontend Development. I specialize in building responsive, user-friendly, and scalable web applications using React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, and modern UI libraries. I also have practical experience with Node.js, Express.js, MongoDB, and REST APIs, allowing me to develop full-stack applications. While my primary expertise is frontend development, I continue to strengthen my backend skills through hands-on projects and continuous learning. I'm passionate about creating clean, efficient, and maintainable solutions that provide excellent user experiences.

Professional Experience

800Motoguru

800motoguru.com Dec 2025 – Present

Frontend Developer at 800motoguru, building and optimizing user interfaces for dynamic web applications. I collaborate with design teams to create visually appealing and responsive layouts, ensuring seamless user experiences across devices. Leveraging modern frameworks and technologies, I focus on enhancing performance and accessibility while maintaining high standards of code quality.

Apptex Software Solution

apptex.tech Dec 2024 – Dec 2025

Developed responsive web applications using React.js and Next.js for multiple client projects. Integrated REST APIs, optimized performance, and delivered scalable, user-friendly frontend solutions.

MyCoderBro

mycoderbros October 2024 – July 2025

Built and maintained modern, responsive web applications using React.js, Next.js, and Tailwind CSS for multiple client projects. Collaborated with cross-functional teams to integrate REST APIs, optimize performance, and deliver clean, scalable, and maintainable frontend solutions.

Education

Bachelor of Computer Science

Agriculture University of Peshawar
Graduated: May 2027

Pursuing a Bachelor's degree in Computer Science at the Agriculture University of Peshawar, with an expected graduation in 2027. Building a strong foundation in software development, data structures, algorithms, database systems, and modern web technologies.

Skills

- HTML5
- CSS3
- JavaScript (ES6+)
- TypeScript
- React.js
- Next.js
- Node.js
- Express.js
- MongoDB
- REST APIs
- Tailwind CSS
- Bootstrap
- Material UI (MUI)
- Ant Design
- ShadCN UI
- Redux Toolkit
- Zustand
- React Query (TanStack Query)
- React Hook Form
- Formik
- JWT Authentication
- Git & GitHub
- Firebase (Basic)

Certification

- ITSAWK IT Training Center
- Completed an intensive training program in full-stack web development with a focus on the MERN stack and modern web technologies.
